The background features a dark, almost black, field with a complex pattern of thin, curved lines. These lines radiate from a central point on the right side of the frame, extending towards the left. The lines are colored in shades of purple, blue, and green, creating a sense of motion and depth. The overall effect is reminiscent of a starburst or a lens flare effect.

The background of the slide features a detailed, artistic rendering of a mechanical watch movement. The watch face is partially visible, showing Roman numerals and intricate gears and components. The overall color palette is a deep, dark blue, accented with numerous small, glowing white and light blue particles that create a sense of depth and movement, similar to a starry night sky or a microscopic view of light.
