# Multiples options

The background of the slide is a futuristic, sci-fi landscape. The foreground shows dark, silhouetted hills and mountains. In the middle ground, a glowing orange and yellow horizon line suggests a sunset or sunrise over a cityscape. The sky is a deep blue, filled with numerous small, bright stars and larger, glowing blue and orange nebulae. Several bright, glowing orange and yellow lines curve across the sky, resembling orbital paths or data trajectories. The overall atmosphere is one of advanced technology and space exploration.

The background features six abstract geometric shapes arranged in two rows of three. Each shape is a complex, multi-layered structure composed of a fine grid of lines. The colors of the lines transition through a rainbow spectrum, with reds and oranges at the top and bottom, and blues and greens in the middle. The shapes are set against a solid black background. A thin, light gray rectangular border with rounded corners frames the central text area.

The background of the image is a dark, moody photograph. It features a stack of several coins, likely Euro coins, in the center-right. A pen is positioned diagonally across the top left. The background also shows faint, semi-transparent text from a document, including the word 'FEDERAL' and the word 'Total' followed by a number '934.9'.
